## Car preparation

1. All vehicles must be stripped of all plastic, glass, headlights, taillights and anything else that could fall off onto the track during the show.
2. All vehicles must remain stock, ABSOLUTELY NO WELDING ANYWHERE.
3. Bumpers must remain stock, do not alter the bumper in any way. Factory bumper shocks must remain in the factory location. You may remove rear bumpers and shocks. There is no welding to be done on bumpers.
4. Trailer hitches must be removed
5. Batteries must be moved inside of vehicle and secured properly
6. If the factory gas tank is in front of the axle you may leave it there. If it's behind the axle, you must move it to the rear seat area. Factory tanks may be moved inside but completely secured. Aftermarket tanks may be used.
7. All doors may be wired or chained in 6 places max per seam.
8. Trunks, hoods, tailgates, all may be wired or chained in 6 places total. Sheet metal to sheet metal only. Nothing to frame or bumpers. If you remove the trunk or tailgate you lose the trunk or tailgate wire or chain.
  - Must have a hole in hood
9. A rear seat bar may be added. It may be welded to post if you have to add something to get it away from the seat please call. This is only to stop sides from coming in, not to help any other part of the vehicle.
10. The Driver's door only may have a plate or bar welded to the outside or inside.
11. DOT tires only. Stock wheels only, All wheel weights must be removed. Only tubes and air are permitted inside of tires.
12. No spray foam permitted
13. You will be allowed headers
14. Must have at least one 2x2 bar 1 double strand of 9 wire or one 3/8 chain in front windshield area must be bolted
15. No aftermarket parts oem parts only and must be same year make and model for the car you are running
16. All vehicles must start off factory ignition switch for year make and model year and must be functional
  - No after market wiring harness permitted other than what's used to move the battery to inside drivers compartment

**(we would appreciate if you run this class if you would help clean the track off after the heat so we can keep the show going )**
